S U M M A R Y

Principal of Babbit Neuman Construction Co. (BNCC, Inc.), overseeing the office staff including accounting, estimating, project management and office operations and procedures.

Over twenty-five years of commercial construction experience and bringing the highest level of expertise for Operations Management, Contract Administration and timely, positive problem solving.

Periodically perform constructability reviews and cost engineering with Meng Analysis, Seattle, Washington as an outside consultant.

Prior to starting Babbit Neuman Construction Co. acted as Sr. Vice President of Operations for a major Pacific Northwest construction company. My direct project involvement for the thirteen years of service resulted in over \$300 million in sales.

My career success is attributed to developing strong relationships with the customers, supporting and building a team effort for my employees and the implementation of innovative technology.
